Dear Mr Faulkner

**WINDERMERE TOWN CENTRE ENHANCEMENT SCHEME
NEW AND REVISED TRAFFIC RESTRICTIONS
INFORMATION LETTER**

I refer to my consultation letter of 17 September 2007.

I am writing to let you know of the local committee's decision on these proposals.

The County Council's Local Committee took into account all responses and objections at its meeting on 29 October 2007. The committee decided that;

1. That the draft traffic order proposals be approved without amendment.
2. That the use of the new layby on the north side of Church Street be monitored with a view to deciding if parking on it should be time limited. If so a new amending traffic regulation order will be required.

As you are probably aware the County Council has let the contact and work on the scheme commenced before Christmas. In 2008 the scheme will move to completion and all new and revised traffic restrictions will be brought into force at an appropriate time. That will be when the new layouts have been completed and the necessary traffic signs and markings are in place.

For those of you who submitted a detailed response or made objections, I will write to you separately with a more detailed reply than this general letter.

Yours sincerely

John Bell
Principal Traffic Engineer
