Dear Mr Walsh.

**Re: Loading Bay at the Royal, Bowness-on-Windermere.**

At last night's meeting of the above it was brought to our attention that the above "loading bay" is substandard in so much as the width should have 2.7m, where in fact it is only 1.8m.

We would request an answer to the following:

1. Why were the plans allowed to be passed with a substandard loading bay on them?

I look forward to your written reply within the next 14 days.

Yours sincerely

Adrian G Faulkner – Secretary, Windermere and Bowness Chamber of Trade
